3. What goes in TO

Only use:

- Partnership / Strategic Partnership
- Brand Partnership
- Strategic Alliances
- Business Development
- Sponsorship
- Experiential/Event Marketing
- Senior Marketing decision-maker
- Official **business/partnership inquiry** form

Highest priority = named person + direct corporate email.

4. What goes in BCC

Only:

- Press
- Media
- Media Relations
- Newsroom
- PR

These are **secondary**, never the primary recipient.

Do **not** put these in BCC:

- Customer support
 - Help desk
 - Careers
 - Investor relations
 - Technical support
 - Sales support
 - Generic consumer contact
 - Random `info@` unless there is genuinely no better commercial route
-

5. Website forms

Only fill a form when it is specifically for:

Partnerships / Sponsorship / Business Development / Business Inquiry / Brand Collaboration / Corporate Partnerships

Do **not** fill:

Customer Care / Product Support / Technical Support / Careers / Consumer Help / Sales Enquiry unless the form explicitly says it routes business partnerships.

If a company only has customer support, **mark it as “No relevant sponsorship channel found”** and move on.

One rule for the team

Don't ask “Can I find an email?”

Ask:

“Can I find the person or channel responsible for a commercial partnership?”

That is the standard we should use from now on.
