WORLD AI FILM FESTIVAL

The new wave of tomorrow's cinema

21 & 22 APRIL 2026, CANNES
6 & 7 APRIL 2027, CANNES

EDITO

Born from the shared vision of Charles Ange Ginésy and Marco Landi, WAIFF is more than a festival: it is an international platform where cinema, artificial intelligence, education and innovation come together to shape the future of storytelling.

WHY NOW ?

Because artificial intelligence is transforming the way stories are imagined, produced and shared — and WAIFF gives this new creative generation a global stage.

- **A new era of storytelling**
- **A global platform for AI-powered creators**
- **A bridge between cinema, technology and industry**

VISION & INSTITUTIONAL SUPPORT

"Artificial intelligence is no longer science fiction — it has become a powerful creative tool. Through WAIFF, we give voice and visibility to a new generation of filmmakers using AI to imagine, produce and share stories in new ways. More than a festival, WAIFF is a global stage where the future of cinema is being written today."

Marco Landi
Founder of World AI Film Festival

"WAIFF embodies the ambition of the Alpes-Maritimes: to become a living laboratory where technological innovation and artistic creation converge. By bringing together creators, researchers, institutions and industry leaders, the festival demonstrates that AI is not a substitute for human creativity, but a catalyst for imagination and the cinema of tomorrow."

Charles Ange GINESY
President of the Alpes-Maritimes

CANNES & INTERNATIONAL PRESTIGE

"WAIFF naturally belongs in Cannes, a city dedicated to cinema, audiovisual creation and major cultural events. By hosting the festival at the Palais des Festivals, Cannes affirms its ambition to become a leading hub for creative industries enriched by technology and artificial intelligence. With the support of major figures such as Gong Li and Claude Lelouch, WAIFF strengthens Cannes' role as an international symbol of innovation, creation and cinema."

David LISNARD
Mayor of Cannes

"WAIFF celebrates new forms of writing and creation made possible by artificial intelligence, while reaffirming that technology must remain in service of imagination, artistic works and their authors. By finding its natural home in Cannes, the festival strengthens the city's ambition to become a major hub for audiovisual creation and innovation."

GONG Li
President of WAIFF 2026

WAIFF IN THE GLOBAL SPOTLIGHT

A fast-growing international visibility platform for cinema, AI and creative innovation.

Detailed press coverage and media reports are available upon request.

HEADING TOWARD THE INTERNATIONAL STAGE

In 2025, we brought together cinema, series, and artificial intelligence. We laid the foundations. In 2026, we reached a new milestone together.

This year, [Japan](#), [Brazil](#), and [South Korea](#) hosted their own editions of WAIFF, soon to be joined by China. The movement gained momentum, driven by creativity, curiosity, and collaboration.

All roads led to [Cannes](#), where people from around the world came together to celebrate imagination in all its forms. Because the future of storytelling belongs to everyone — and it is already here. Open. Inspiring, Universal.

EMBLEMATIC FIGURES

OFFICIAL

David Defendi

Founder of Genario

David Defendi, an Emmy Award-winning screenwriter and co-founder of GENARIO, is a key innovator in film technology. GENARIO is an AI-powered platform that supports screenwriters, respects intellectual property, and encourages new forms of storytelling. As an official WAIFF partner, it helps promote emerging talent and innovative stories.

Sarah Lelouch

Founder of TechCannes Business Club & ClapAction

Sarah Lelouch is an innovative producer behind two key initiatives. TechCannes Business Club brings together cinema and technology professionals to encourage innovation and new financing opportunities. ClapAction is a participatory platform that connects creators and audiences, allowing the public to engage in the creative process and promoting collaborative storytelling.

PARTNERS

Remi Tereszkievicz

Founder / Partner, BetaSeries

BetaSeries is a leading app for TV series fans and streaming platform users. The company develops AI-powered recommendation and curation tools, which help manage and organize the Festival's film catalog through its web back office.

Julien Raout

Founder of Studio Laffitte

Julien Raout is a director, writer, and CEO of Studio Laffitte, as well as the Artistic Director of the World AI Film Festival (WAIFF). He combines technological innovation with cinematic storytelling. Studio Laffitte specializes in creating films, commercials, and AI-driven content, exploring new visual styles and production methods to reinvent audiovisual creation.
